195 LITRE MULTI-MODE CHEST FREEZER

UC216 – UNIVA 195L CHEST FREEZER

The Univa UC216 Chest Freezer is a versatile addition to any household, offering the flexibility to switch between fridge, chiller, and freezer modes to suit your storage needs. Its durable scratch-resistant marble-patterned tops provide both style and functionality, while the lifting sliding baskets make organising smaller items effortless, maximising storage space. With a generous 195-litre capacity, this freezer is ideal for medium-sized families looking to efficiently store food in compact spaces. Take advantage of every big grocery sale and stock up on essentials without worrying about space limitations with the Univa UC216 Chest Freezer. Its adaptable design and spacious interior make it a valuable asset for any kitchen, allowing you to store and organise your food items with ease. Whether you're freezing leftovers, chilling beverages, or simply storing groceries, this chest freezer offers convenience and reliability, ensuring your food stays fresh for longer periods.
