FEATURES

UB205M, 157L METALLIC COMBI FRIDGE

The Univa UB205M 157L Combo Fridge offers a compact yet powerful cooling solution, ideal for smaller kitchens or apartments. It provides a total storage capacity of 157 liters, with 109 liters allocated to the fridge and 49 liters to the freezer. Boasting an energy-efficient A+ rating and a 4-star freezer rating, it delivers dependable cooling while helping you save on electricity. The fridge features mechanical temperature control, modern interior lighting, and easy-to-clean glass shelves for everyday convenience. Thanks to low frost technology, ice build-up is kept to a minimum, while the crystal crisper drawer and door balconies help keep your groceries neatly organized. A reversible door adds extra versatility, making this fridge a smart and space-conscious choice.
