98 LITRE MULTI-MODE CHEST FREEZER

UCF120W/M - UNIVA 98L CHEST FREEZER

The Univa UCF120 Chest Freezer is a versatile solution for modern households, offering the flexibility to switch between fridge, chiller, and freezer modes to suit your changing storage needs. Its durable, scratch-resistant marble-patterned top delivers both style and practicality, while the lifting sliding basket makes organising smaller items simple and efficient, maximising every litre of space.

With a compact yet practical 98-litre capacity, it's ideal for small families or homes where space is limited but storage is essential. Make the most of every grocery special and stock up with confidence, knowing you have reliable extra storage when you need it.

Designed for convenience and everyday reliability, the Univa UCF120 ensures your food stays fresher for longer, whether you're freezing leftovers, chilling beverages, or storing weekly essentials.
